Ho Chi Minh City, Vietnam | +84 967861644 | minh dq2512@gmail.com | [Portfolio](#)

A motivated and fast-learning Frontend Developer with a strong foundation in HTML, CSS, JavaScript, and modern frameworks like React. I actively build projects to sharpen my skills and stay up-to-date with the latest technologies. Known for my ability to quickly grasp technical concepts, read and apply documentation effectively, and manage tasks with discipline and efficiency.

## EXPERIENCE

### FPT SOFTWARE

Ho Chi Minh City, Vietnam

#### Intern Frontend Developer

Sept 2023 – Dec 2023

- Developed responsive, high-performance web interfaces using React, HTML, CSS, and JavaScript, leading to a 25% faster UI load time and improved user engagement.
- Integrated real-time data via RESTful APIs and contributed to code reviews, helping reduce bugs by 30% and streamline development workflows.

## EDUCATION

### FPT UNIVERSITY

Ho Chi Minh City, Vietnam

Bachelor of Engineering: Software Engineering, Information Technology

2020-2024

## SKILLS

- Technical Skills:** Built responsive SPAs with HTML, CSS, JavaScript React/Vue, TypeScript, and RESTful APIs; optimized UI with Tailwind/Bootstrap and enhanced UX across devices. Managed source control using Git/GitHub.
- Soft Skills:** Strong problem-solving, self-learning, and time management abilities. Able to work collaboratively in a team and communicate effectively.
- Tools:** Figma, Jira (Trello), Visual Studio Code
- Certifications:** Software Development Lifecycle, User Experience Research and Design
- Languages:** English, Vietnamese (native)

## PROJECT

### EVENT SALES AND MANAGEMENT PLATFORM

[esmp.id.vn](#)

Streamlined event management solution

Sept 2024 - Dec 2024

- Developed a ReactJS-based event management platform with a modern and responsive UI.
- Built a Bun/Elysia backend with Prisma ORM for efficient database operations.
- Used Firebase & Postgres for real-time data storage and event tracking.
